

# ROMÂNIA ȘI TRECEREA LA EURO

## ROMANIA AND ADOPTING EURO

**Conf.dr. Magdalena RĂDULESCU**  
Universitatea din Pitești

**Abstract:** This paper tries to present some features of the Romanian strategy for adopting euro. The preparing process and the actual adoption of the euro currency makes up the highest challenge posed to Romania during the first decade after accession. Many macroeconomic aspects should be supervised and the monetary policy needed the support of the other policies, especially the one of the fiscal policy and the revenue policy that must be cautious, not pro-cyclical.

**Keywords:** real and nominal convergence criteria, euro, fiscal policy, monetary policy.
